The image shows the 'Create password' screen in the MetaMask mobile app. At the top, there is a navigation bar with a blue '< Back' button on the left and the 'METAMASK' logo in the center. Below the logo is a progress indicator with three steps: '1 Create password' (highlighted with a blue circle), '2 Secure wallet', and '3 Confirm seed phrase'. The main heading is 'Create password'. Below it, a message states: 'This password will unlock your MetaMask wallet only on this device.' There are two input fields: 'New Password' and 'Confirm password'. The 'New Password' field has a 'Show' toggle to its right. Below the 'Confirm password' field, a note says 'Must be at least 8 characters'. There is a 'Remember me' toggle switch, which is currently turned off. Below that is a checkbox with the text 'I understand that MetaMask cannot recover this password for me. [Learn more.](#)'. At the bottom is a large blue button labeled 'Create password'.
